

## STRESS LESS. ENJOY MORE.

### OUR STORY.

SoyaVente® was developed by Cliff Shaluta, researcher, college professor, and organic farmer as a result of a serious car crash. After considering typical medical options, Cliff decided to explore Aromatherapy and other alternative medicinal techniques to relieve his pain. With several years of experimentation, Cliff discovered that a lifestyle including certain essential oils, a natural diet, basic Yoga exercises, and daily meditation set the stage for his natural healing and enhanced well-being.

### OUR PRODUCTS. OUR PASSION.
